

**HitOn industry solutions Sdn. Bhd.**

**(Company No: 1320173-T)**

**HitOn**

We are a one stop **solution provider platform for Industry Revolution 4.0 (IR4.0)**. Instead of seeking various vendors to provide individual parts of a solution, HitOn industry solutions Sdn Bhd is the complete platform that users can launch from the get-go. By connecting sensors & instruments from many different inputs, users get a clearer picture how certain factors affect others – allowing better decisions to be made.

We offer services for business from different industry verticals like manufacturing, smart retail shopping experience for brick and mortar retailers, Hotel line, Healthcare, Agriculture & etc.

# About Us

# Our Mission

## **Affordability**

We intend to provide affordable IoT system, Autonomous Robotics and Enterprise Software System for everyone.

## **Manpower Shortage**

To provide a solution for low skilled workers shortage.

## **Productivity Improvement**

To improve efficiency in the manufacturing and service sector.

## **Safety**

Application of robots in handling hazardous and repetitive task.

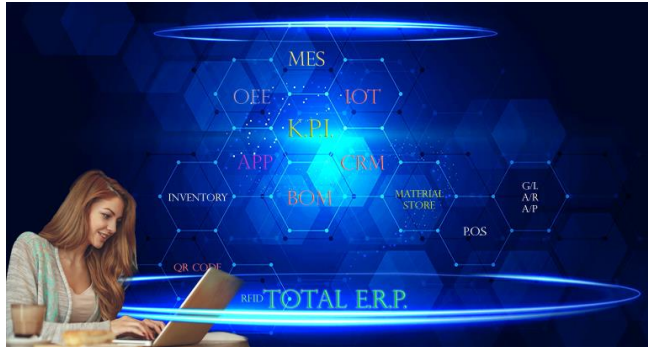

## **Profits**

Increasing ROIs by increasing productivity at the same time reducing labor costs.

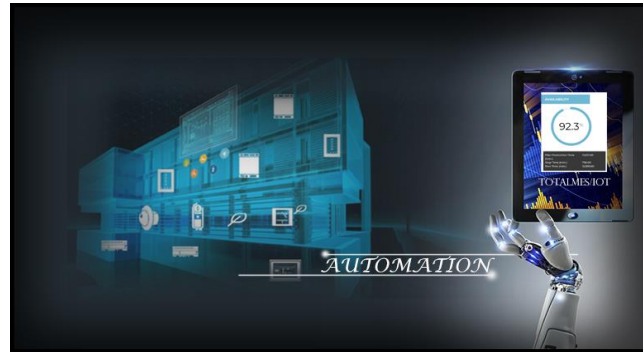

# Our Service

## "Technology - Software"

To date, we have developed and implemented more than 40 different types of software systems including Enterprise Resource Planning (ERP), Material Resource Planning-I (MPRII), Manufacturing Accounting System, Legal Client Account System, Warehouse Inventory System, Bar Coding System, Point-Of-Sales System, Mobile App (Android/IOS/CE) and many more...

## "Robotic / Automation / IoT"

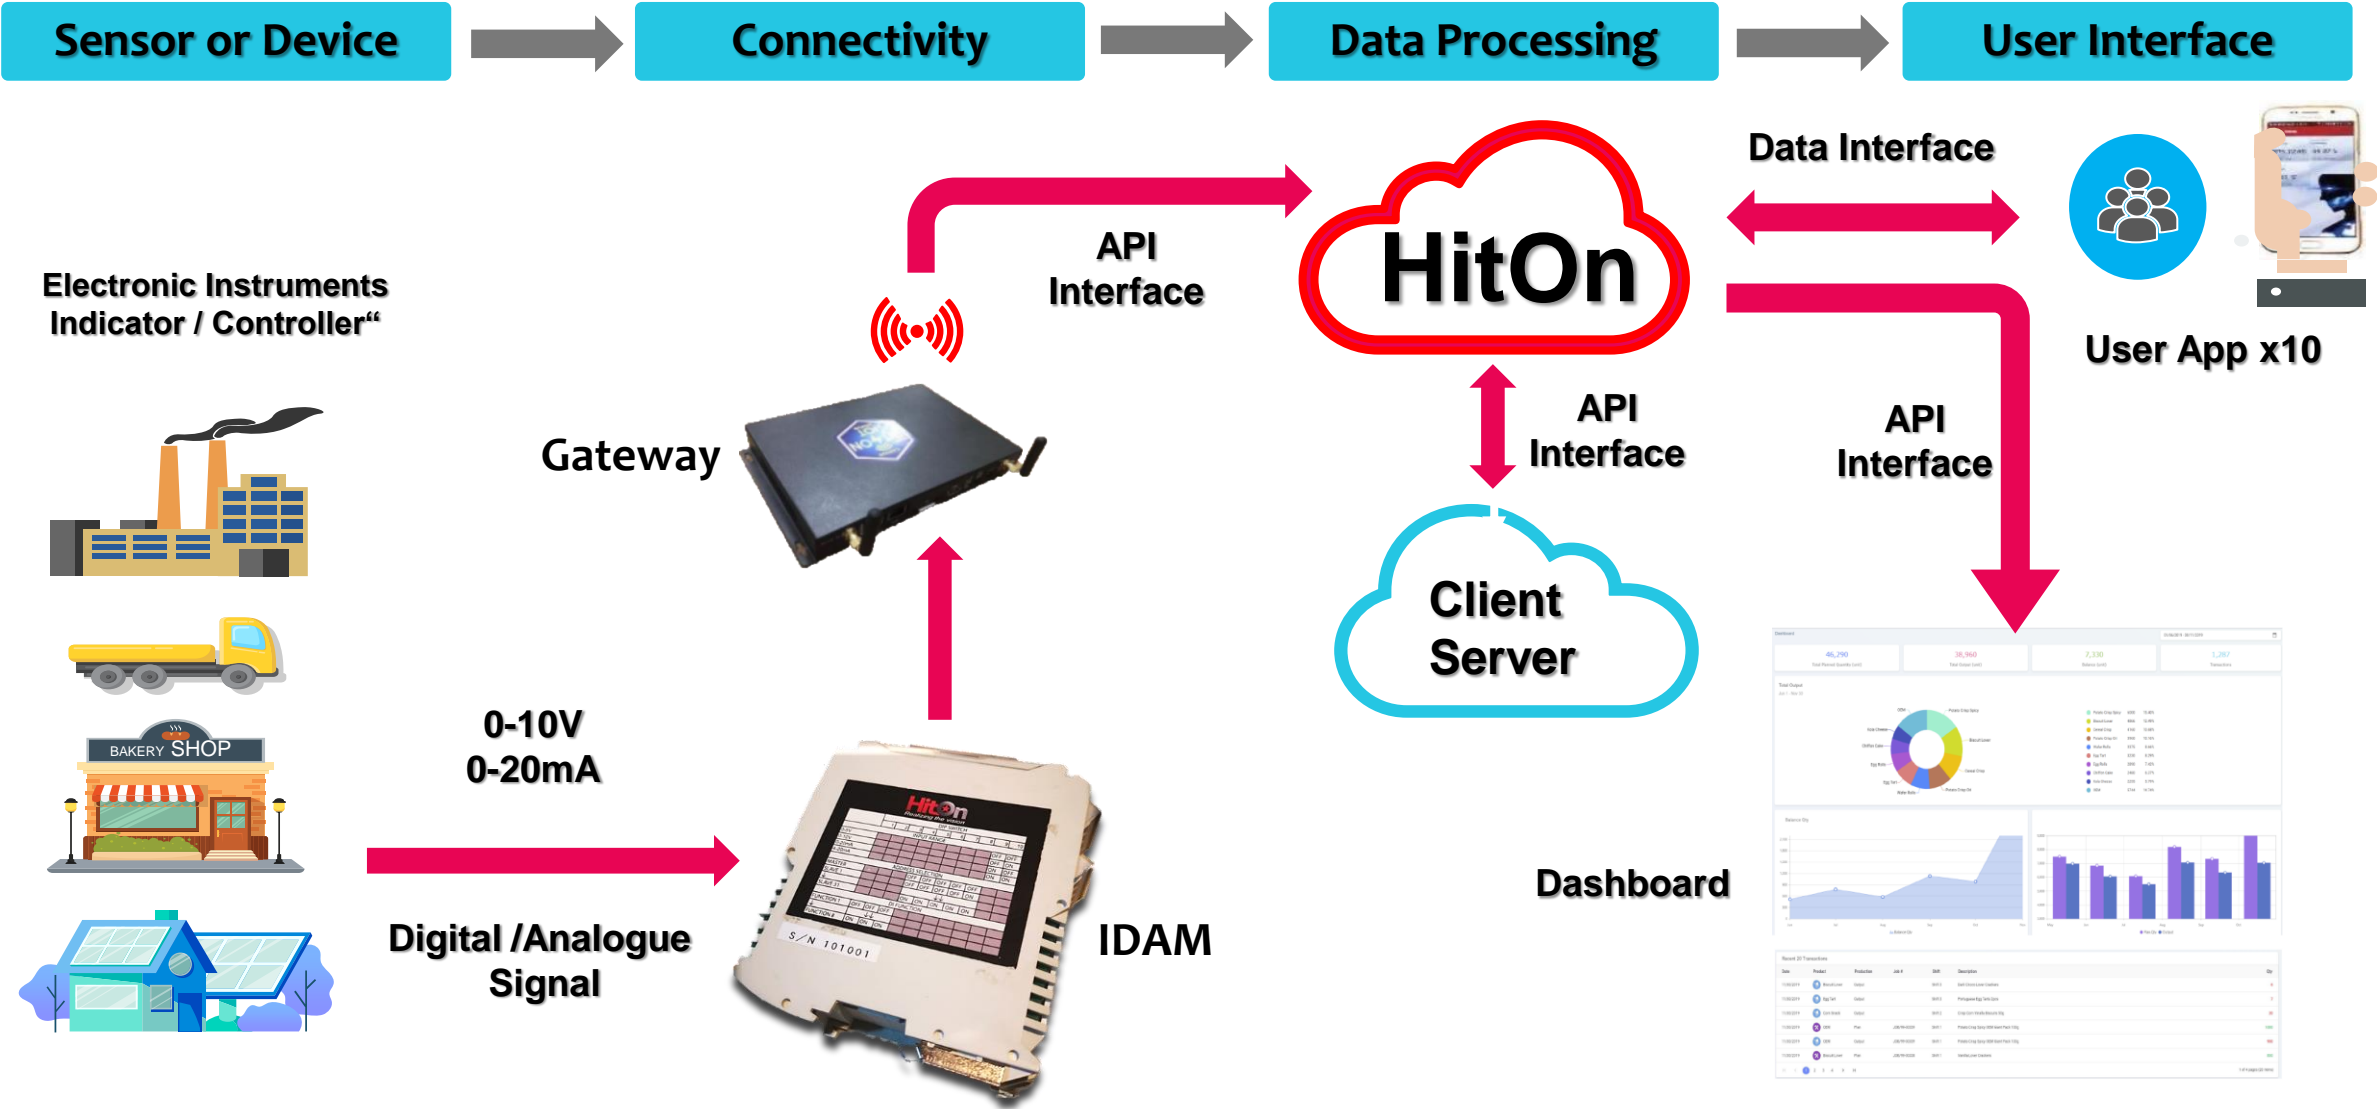

We're aiming at the most cost effective upgrade to IoT and move forward to Industry 4.0. We provide an open and stable platform to deliver flexible, reliable and scalable solutions, making our solution competitive. Retrofitting into existing system with ease and integrated with Total MES/IoT System

## "Service - Grant & Incentive "

Bring your business into the digital age with help from the government. We offer professional advice and assistance on applying for grants and low interest soft loans. We have successfully assisted many of our clients to obtain government grants up to MYR 1,000,0000.00. Should you are interested please contact us to find out more.

# IoT System

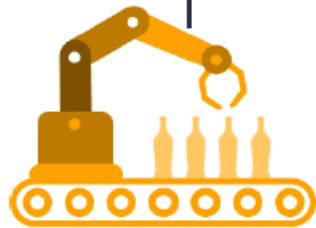

# Robotic Arm & Services Methodology

Push data with IoT Technology to cloud sever

Consolidate data from robots and devices and pushes it to specially assign accounts on cloud server

**Robotic Arm**

Perform task assigned and collecting data concurrently

**Productivity**

Clients will be able to pull data from cloud server through office desktop or mobile applications

# Information system development & ERP system

Mobile Apps

TOTAL E.R.P.

Barcode Apps

HQ POS/Client

Workshop System

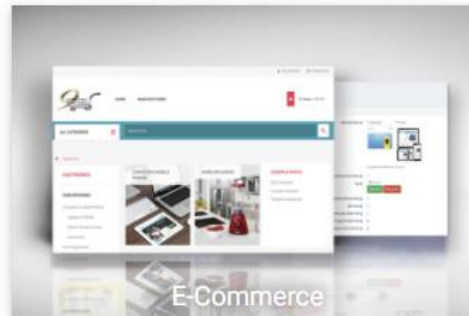

Accounting System

Web Design

Customize Solutions

E-Commerce

Our Product. To date, we have designed and implemented more than 40 different kinds of software system including Enterprise Resource Planning (ERP), Material Resource Planning-II (MPRII), Manufacturing execution systems (MES), Manufacturing Accounting System, Inventory Control System, Warehouse Management System (WMS), WIP Process by Bar Coding System, Courier Management System, Point-Of-Sales (HQ/Client) System, Barcoding/RFID System and many more... These software systems are widely accepted/installed throughout Malaysia, Brunei, China, Cambodia, Vietnam, Indonesia, Philippines and Singapore.

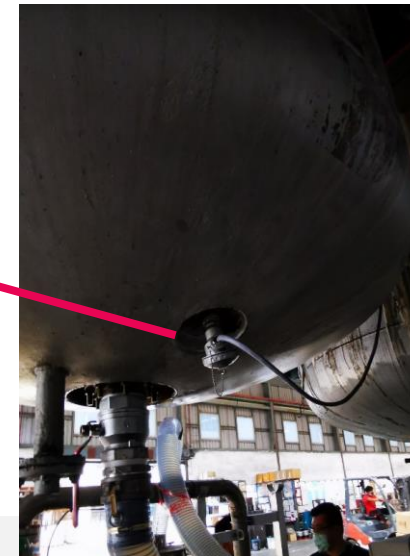

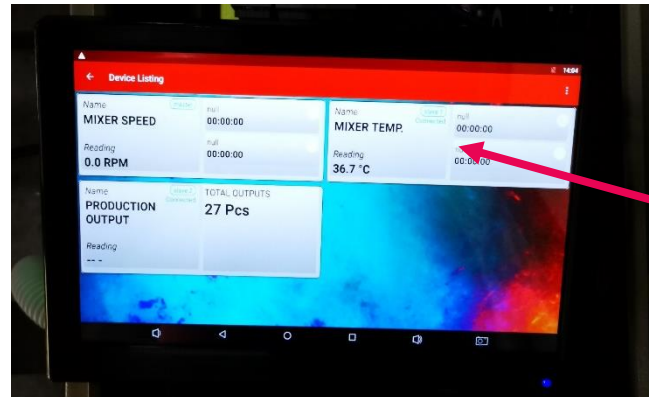

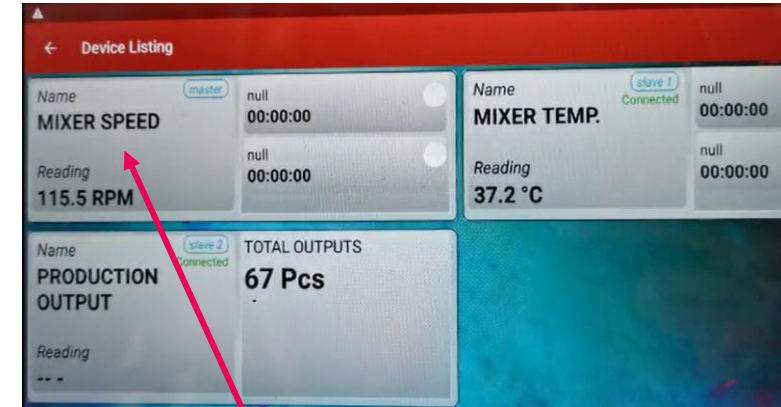

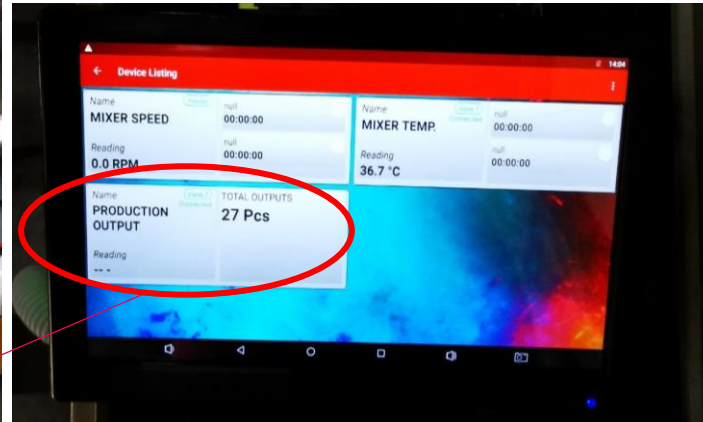

# Our Team

# Project Reference

# Real-time monitoring system

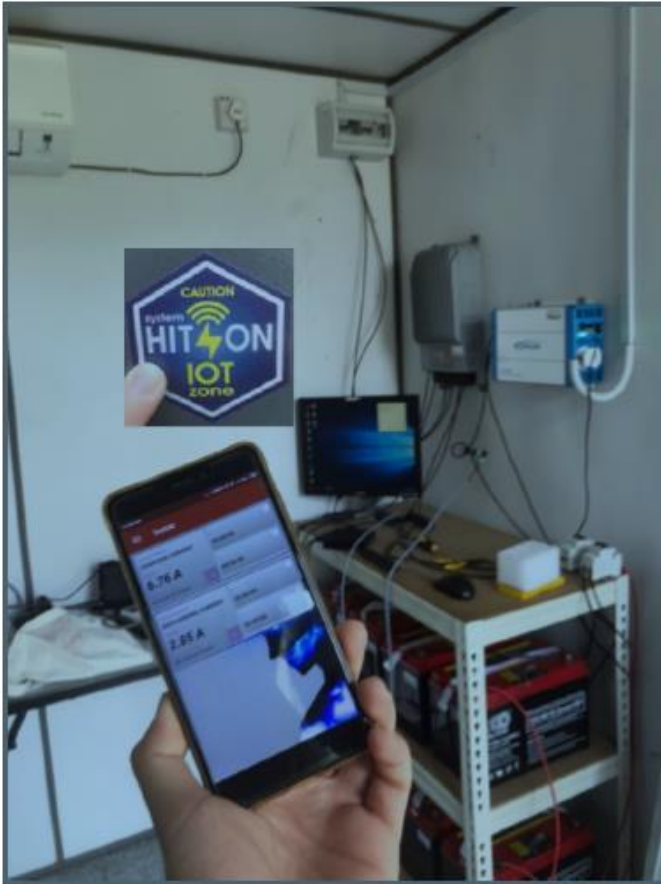

# Telco Tower + HitOn IDAM upgrade to IoT

Retrofit !!!  
Simple installation  
just took around 15  
minutes

# Implement IoT monitoring system on Old machine

UCSI University  
Solar Energy R&D

Heap Soon Farming Sdn Bhd  
IoT the Vaccine Fridge

# Electroplating Process Line at Dispsol (M) Sdn Bhd

Implement IoT monitoring system in their process

# 20 Years old Double Column CNC machine – Sirim Berhad

**Real-time output cycle time monitoring system.**

# Our Product

GigaArm-2

## Robot Palletising System

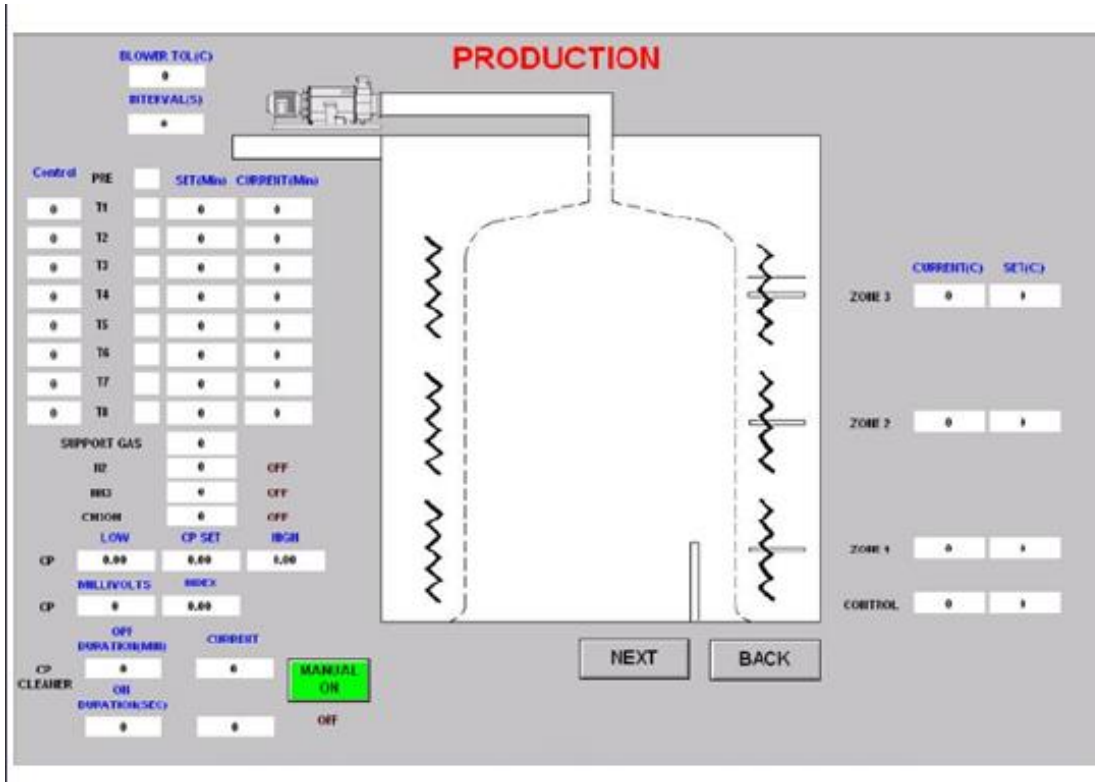

# Material Handling System

# Process Control System (PLC & SCADA)

# **Training, Awareness & Outreach Activities**

# IR 4.0 MIDA Headquarters Training

Serial No.: 414692W

## TRAINING PROVIDER REGISTRATION CERTIFICATE

AKTA PEMBANGUNAN SUMBER MANUSIA BERHAD, 2001

**TOTAL BUSINESS SOLUTIONS SDN. BHD.**

*is hereby registered as a training provider under*
